

Coveted Culinary Career

A group of forty-one students from grade X, along with two faculty members visited the Academy of Pastry and Culinary Art (APCA), at Koramangala on 1st of September, 2022. It was a wonderful experience for our children to get an opportunity to explore the sphere of Culinary Art as promising career option. The sessions conducted were captivating and informative. Our students were interactive throughout the sessions with the resource personnel and got a chance to glance the ongoing baking and culinary sessions out there and imbibed some of the emerging culinary concepts like, Food Entrepreneurship, Cloud-kitchen and Cruise-line, to name a few.. In a nutshell, it was a great chance to peek through the gateway of a newly flourishing field with fascinating career profile. As the field is completely skill based, the students with not a very bright academic score will also get an opportunity to pursue a very demanding career.
